Hello AMBER CARTER,

The North Carolina Division of Employment Security (DES) has received notification that you have successfully verified your identity through our partner, ID.me.

You should be able to sign into your online account for unemployment benefits within the next 48 hours.

If you are still having trouble accessing your DES account after 48 hours has passed, you may contact the DES Customer Call Center at 888-737-0259.

Thank you,

N.C. Division of Employment Security
